Look to RPI for Parts to fit Pelton & Crane Delta Sterilizers

We cross-referenced parts for the Pelton & Crane Delta sterilizer against RPI parts that fit other Pelton & Crane sterilizers. The result was a great list of parts that fit the AE8, XL8, Q8, AF10, XL10 and Q10. But we didn't stop there. We also added new parts to the list. Take a look below at the chart (new parts are in **bold type**).

The new parts we added include the Water Level Assembly, Pump, Reservoir, and Surface Sensor Assembly. We also upgraded our PM Kits to include the HEPA Filter (RPI Part #RPF644) and the new Filter In-Line Assembly (RPI Part #PCF233). These upgraded kits have new part #'s – PCK231 and PCK232. Update your catalog, Section 10, page 1000, by adding these two filters to the PM Kits and replacing Part #PCK222 with PCK231 for the 8" units; and, PCK223 with PCK232 for the 10" units.
