AUTOCLAVE LOGGER THING

The easy to use, easy to set up, wireles, automatic autoclave cycle logger.

Automatic • Wireless • Paperless

The Autoclave Logger Thing securely stores autoclave data to the cloud and on a removable SD card and eliminates the need for printing.

Currently available to fit 1st, 2nd and 3rd generation Midmark® M9 & M11 Autoclaves and Tuttnauer E Series Autoclaves.

Features:
• 15 minute set up
• 1 wire hookup
• Secure Wi-Fi
• Password protected
• Unique naming of each autoclave
• Removeable micro SD card
• FCC Certified
• 5 year time and date battery
• Comes with everything to get set up and running out of the box.

Works with Dropbox™ Cloud Storage **Dropbox**
