# Sterilizer PM Kits

to fit Tuttnauer® Manual and Automatic Steam Sterilizers!

We now offer Major and Minor Sterilizer PM Kits to fit many Tuttnauer models. Annual PM is recommended. Alternate between Major and Minor PM Kits annually. Our Sterilizer PM Kits combine parts to make it more convenient for you to service these sterilizers with one, easy-to-use package that includes all the parts that should be changed on a regular basis. Also included in these kits is a PM Checklist that provides installation instructions, PM procedures, and tips for parts that need to be replaced, and a PM Sticker to record the installation date.
